Police Services and Authority

Virginia State University (VSU) provides a full-service police protection to the campus community through its Department of Police and Public Safety (VSU POLICE). Officer authority, responsibility and training are the same as required of any police officer in Virginia. University police have the authority to enforce all regulations of the University and laws of the Commonwealth of Virginia within their jurisdiction, which includes all university-owned, -leased or -controlled property and the adjacent streets and sidewalks. VSU police officers are certified by the Virginia Department of Criminal Justice Services (DCJS) as sworn police officers and are trained in all phases of law enforcement, including the use of firearms (Virginia, Va. Code Ann. § 23-234 – 23-234.1) Officers carry standard issue or approved firearms at all times and must maintain firearms proficiency through semiannual classroom training, qualification and certification at a local firing range.

VSU Police Officers are all graduates of a state-affiliated regional criminal justice training academy with training required by DCJS. They have completed the 480-hour police basic performance-based training program and are required to complete 40 hours of in-service training bi-annually. VSU POLICE works closely with and receives assistance from the Chesterfield County Police Department (CCPD), Colonial Heights Police Department (CHPD), the Petersburg Bureau of Police and the local contingent of the Virginia State Police on investigations of alleged criminal offenses that occur off campus involving VSU students, staff and faculty.

VSU Police Officers have complete police authority to apprehend and arrest anyone involved in illegal acts on-campus and areas immediately adjacent to the campus. If a University student commits minor offenses involving University rules and regulations, VSU Police Officers may also refer the individual to the disciplinary division of Student Affairs. Major offenses such as rape, murder, aggravated assault, robbery and auto theft may be reported to VSU POLICE or the local police, and joint investigative efforts are deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted in the courts of Chesterfield County. By mutual agreement with state and federal agencies, VSU POLICE maintains an NLETS terminal (National Law Enforcement Telecommunications Network). Through this system, police personnel can access the National Crime Information Computer system as well as the Virginia Criminal Information Network (VCIN). These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local,
state and federal law enforcement information. Any criminal activity engaged in by students of student organizations at off-campus locations will be monitored and recorded through coordination with local law enforcement agencies. This information is provided to the Office of Student Affairs for any action or follow-up that may be required.

**Working Relationships With Other Law Enforcement Agencies**

The University recognizes that laws and rules are necessary for society to function, and supports both the enforcement of law by government agencies and rules by officials of the University. All persons on the campus are subject to these laws and rules at all times. While the University is private property, and Constitutional protections apply, law enforcement officers may enter the campus to conduct business as needed. Additionally, the officers may be invited to patrol the campus to assist VSU POLICE in deterring crime. All law enforcement agencies are expected to check with VSU POLICE when on campus. The Virginia State University Department of Police and Public Safety is recognized by the State of Virginia as a law enforcement agency. Police officers are expected to render all possible assistance provided such assistance could be given without significantly endangering the officer or others not involved in the crime.

As previously noted, VSU POLICE maintains a close working relationship with Chesterfield County Police Department, Colonial Heights Police, Petersburg Bureau of Police and Petersburg Sheriff's Office. The University relies on the telephone or two-way radio to contact the county emergency dispatch center for fire and emergency medical needs. VSU Department of Police and Public Safety is a part of the Chesterfield County 911 Emergency System, and the Chesterfield County Fire and Rescue Unit provide response to fire and medical emergencies.

The officers of VSU POLICE and CCPD communicate regularly at the scene of incidents that occur in and around the campus area. DP Investigators work closely with the investigative staff of CCPD when incidents arise that require joint investigative efforts, resources, crime related reports and exchange of information. There is no written memorandum of understanding between VSU POLICE and CCPD.

**Public Safety Division and Services**

In addition to offering full time police services to the VSU community, VSU POLICE also has our Public Safety Division which handles other services, such as fire safety, locksmith services, building security, parking enforcement, and records management. Our security officers patrol our residence halls and academic buildings and offer escort services for students, faculty, and staff. Our safety officers ensure that VSU is in compliance with all fire
and safety codes for the State of Virginia. Our traffic officers enforce all parking regulations on campus, while our records management office handles all records generated by VSU POLICE. All services are in line with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

**Policy on Reporting the Annual Disclosure of Crime Statistics**

The Virginia State University Department of Police and Public Safety (VSU POLICE) prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at [http://www.vsu.edu/police/reports-policies/annual-security-report/index.php](http://www.vsu.edu/police/reports-policies/annual-security-report/index.php). You will also be able to connect to our site via the VSU Home page at [http://www.vsu.edu/](http://www.vsu.edu/). VSU POLICE works with several university offices and public agencies, such as the Office of the Dean of Students, Housing and Dining Programs, Office of Student Affairs, Residence Life, Health and Counseling Services and local law enforcement agencies.

Each entity provides updated information on their educational efforts and programs to comply with the act. Campus crime, arrest and referral statistics include those reported to VSU POLICE, designated campus officials (including but not limited to directors, deans, department heads, designated Residence Life staff, Judicial Affairs, advisors to students and student organizations, athletic administrators), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or business and is not required by law.

Virginia law (Virginia, Va. Code Ann. § 54.1-2967) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Student Health Services) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct.

The Counseling and Student Health Centers staff informs their clients of the procedures to report crime to the University Police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to capture crime statistics disclosed confidentially during such a session anonymously. This publication contains information to
aid in the cooperative effort of creating a safer campus. It contains specific information on safety and security, crime prevention, patrol operations and breadth of authority, policies relating to reporting crime, campus disciplinary procedures, and crime statistics for the three previous calendar years.

These statistics reflect reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Virginia State University, and on public property that is immediately adjacent to and accessible from the campus. Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the website to access this report. Current or prospective faculty, staff and students may also obtain a copy of the report at the Department of Police and Public Safety Headquarters located at 21012 Service Road, by calling (804) 524-5599, by visiting Human Resources, or by writing to:

### Reporting Procedures

**General Procedures for Reporting a Crime or Emergency**

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety-related incidents to VSU POLICE in a timely manner. To report a crime or an emergency on the Virginia State University campus, call VSU POLICE at extension x-5411 or, from outside the University phone system, (804) 524-5411. A crime may also be reported by using the Emergency Call Boxes located near residence halls, parking lots or other campus buildings.

To report a non-emergency, security or public safety-related matter, call VSU POLICE at extension x-5360 or, from outside the University phone system, (804) 524-5360. For any crimes, non-emergency or public safety-related matters committed off-campus, please contact the appropriate local law enforcement agency.

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your calls. In response to a call, dispatchers will take the required action, by either dispatching an officer to the caller’s location or asking the caller to report to VSU POLICE to file an incident report.

**You may also report a crime to the following areas:**

| Vice-President for Student Affairs | 804-524-5350 Memorial Hall, 307 |
All VSU POLICE incident reports involving students are forwarded to the Vice President of Student Affairs for review and referral to the Office of Student Conduct Services for potential action, as appropriate. VSU POLICE Detectives will investigate a report when it is deemed appropriate. Additional information obtained via any investigation will also be forwarded to the Office of Student Conduct. If assistance is required from the Chesterfield County Police or Fire Departments, VSU POLICE will contact the appropriate unit by calling (804) 748-1251. In response to a call, VSU POLICE will take the required action, either by dispatching an officer to the caller's location or asking the caller to report to VSU POLICE to file an incident report. If a sexual assault or rape should occur on campus, staff on the scene, including VSU POLICE, will offer the victim a wide variety of services.

**Reporting to the Department of Police and Public Safety (VSU POLICE)**

This publication contains information about on and off-campus resources and is made available to the VSU community. That information is made available to provide VSU community members with specific information about the resources that are available in the event that they become the victim of a crime. The information regarding “resources” is not provided to infer that those resources are “reporting entities” for VSU.

Crimes should be reported to the VSU POLICE to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to the VA Rape Crisis Center would not be included with VSU's crime statistics.

University Counselors, professional or otherwise, and pastoral counselors are requested to inform the persons they are counseling, if they deem appropriate, of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.
Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still consider making a confidential report. With your permission, a VSU Police Officer can file a report as to the details of the incident without revealing the victim's identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure your future safety and the safety of others. With such information, the University can keep an accurate record of the number of incidents involving students, employees and visitors, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the University, and when they involve allegations of sexual harassment (including sexual violence) are made available to the University's Title IX Coordinator.

You can call VSU POLICE and ask that information remain confidential or dial the VSU POLICE Text a Tip line 274637. As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rulemaking committee defines counselors as:

**Pastoral Counselor**
An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

**Professional Counselor**
An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. For those wishing to make a report of a criminal incident, be they victim, witness, or third party, reports may be made in confidence to the following offices where further options will be discussed with the reporting party.
The University community is kept aware of reported incidents on campus and in the nearby community by viewing the police log at the Department of Police and Public Safety. We make the crime log for the most recent 60-day period open to public inspection. Any portion of the log beyond 60 days, if not immediately available, will be made accessible within two business days of a request for public inspection.

The daily crime log is available for review 24 hours a day on the Department of Police and Public Safety website [www.vsu.edu/files/docs/police/daily-crime-log.pdf](http://www.vsu.edu/files/docs/police/daily-crime-log.pdf), or in the lobby of VSU POLICE headquarters at 21012 Service Road, Petersburg, VA 23808. The information in the crime log typically includes the case number, classification, date reported, date occurred, time occurred, general location, and disposition of each crime.

### Police Log Information

The University community is kept aware of reported incidents on campus and in the nearby community by viewing the police log at the Department of Police and Public Safety. We make the crime log for the most recent 60-day period open to public inspection. Any portion of the log beyond 60 days, if not immediately available, will be made accessible within two business days of a request for public inspection.

The daily crime log is available for review 24 hours a day on the Department of Police and Public Safety website [www.vsu.edu/files/docs/police/daily-crime-log.pdf](http://www.vsu.edu/files/docs/police/daily-crime-log.pdf), or in the lobby of VSU POLICE headquarters at 21012 Service Road, Petersburg, VA 23808. The information in the crime log typically includes the case number, classification, date reported, date occurred, time occurred, general location, and disposition of each crime.

### Emergency Notifications

In the event that a situation arises, either on- or off-campus, that, in the judgment of the Chief of Police, constitutes an ongoing or continuing threat, a campus wide “emergency notification” will be issued. The notification will be issued through the University’s Emergency Notification System, which sends alerts directly to students, staff, and faculty via text, e-mail, and phone messaging. Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, The Chief of Police or his designee will authorize activation of the system. The Department of Police and Public Safety may also post a notice on the campus-wide electronic
bulletin board on the University website at: http://www.vsu.edu/, providing the university community with more immediate notification. In such instances, a copy of the notice is posted in each residence hall.

Timely Warnings

In the event of a serious incident which may pose an on-going threat to members of the VSU community, the University is required to alert to the VSU community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes. The intent of a warning regarding a criminal incident(s) is to enable the community to protect themselves; therefore a warning will be issued as soon as the pertinent information is available.

The Chief of Police or a designee will develop timely warning notices for the University Community to notify members of the community about serious crimes against people that occur on campus, where it is determined that the incident may pose an ongoing threat to members of the University community. Timely Warning Notices are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by VSU POLICE. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other University community members, therefore; a Timely Warning Notice would not be distributed. Sexual Assaults are considered on a case by case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by VSU POLICE. Timely Warning Notices may be distributed for other crimes as determined necessary by the Chief of Police or his designee in his or her absence.

Anyone with information warranting a timely warning should report the circumstances to the Department of Police and Public Safety, by phone (524-5411), in person, or to the nearest University Official/Administrator. The official or administrator receiving the information will notify VSU POLICE. The VSU Department of Police and Public Safety and the Office of Student Affairs, upon determining the content and validity of the information will initiate the timely warning process, by using part or all of the University's Emergency Notification system, via the University’s email, phone and text messages and posting information around campus. VSU POLICE will carry out the notification process and solicit the assistance of other support units as required.

General Security Procedures

Safety Maintenance
The VSU campus is well lit and further improvements in campus lighting are continually being made, including the placement of high-intensity metal halide or sodium vapor lights on buildings, in parking lots, in areas with heavy landscaping and along sidewalks and pathways frequently traveled by students.

Lighting and shrubbery checks are conducted periodically during the year by representatives from all segments of the campus community, including student government representatives, staff from Student Affairs, Facilities Management, the crime prevention specialist and Public Safety. Safety and security concerns are identified and recommendations for improvements are made. In addition, the University Safety Officer makes regular safety and health inspections, serves as a liaison with public health and safety officials, schedules regular safety lectures and follows up on recommendations with the Locksmith and Facilities Management personnel.

VSU students, faculty and staff have access to academic, recreational and administrative facilities on campus. The public may attend cultural and recreational events on campus, with access limited to the facilities in which these events are scheduled.

The University’s trespass policy, enforced by VSU POLICE and posted in all University housing, is as follows: Only those persons having legitimate business with Virginia State University, members of the university community and their invited guests, are permitted in this building. The university reserves the right to exclude all persons not conforming to acceptable behavior from these premises. Those who disregard this warning are to be considered in violation of criminal trespass (under cited Virginia code provisions) and are liable for prosecution.

VSU Police Officers may serve verbal or written trespass notices on non-members of the university community present on campus and may make immediate arrests of persons in secure areas for which they have no legitimate business. If a person served with a prior trespass notice reappears on campus, or if a person is found in a posted facility with no legitimate purpose in that building, he or she is subject to immediate arrest.

**Campus Security and Access**

**Academic and Administrative Buildings**

In order to maintain the safety and security of the VSU community, access to campus is limited to our north and south gate entrances. All persons entering the campus during business hours will be screened at those entrance gates by VSU Security Officers and must present their VSU ID or other photo identification upon request. In reference to academic and administrative buildings, most facilities have individual hours, and the hours may vary at
different times of the year. In addition, some of these buildings have varied level of access. VSU Security Officers patrol the academic and administrative buildings on a regular basis. VSU Police Officers also conduct foot patrols throughout campus. For more information about the access protocol for a specific building, see building manager, a department head, or contact VSU POLICE at (804) 524-5360.

After business hours, all visitors to campus must have VSU ID, or be accompanied by a VSU student, faculty, or staff. Anyone found violating these security measures shall be detained and/or subject to arrest by VSU Police Officers.

**Residential Living at VSU:**

**University Housing Complexes**

Access to residence hall is restricted to residence, their approved guest, and other approved members of the University community. Residents gain entry by swiping their cards in the card access readers. Residents are cautioned against permitting strangers to enter the buildings and are urged to require individuals seeking entry to use their access cards. VSU Police Officers actively patrol the residence halls on a regular basis. House staff and Community Directors also enforce security measures in the halls and work with residents to achieve a community respectful of individual and group rights and responsibilities. House staff and VSU Police Officers also conduct periodic educational sessions on prevention of various crimes, including sexual assault and acquaintance rape.

More than 50% of VSU undergraduate students reside in 10 residence halls on the VSU campus. Freshmen are required to live on campus, with the exception of day student commuters. Upper-
The University provides co-educational housing in several residence halls. Each residence hall has established visitation hours. A hall resident must escort guests at all times. Overnight guests in the residence halls must be of the same sex. During business hours, the campus (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests and invitees. During non-business hours, access to all campus facilities is by key, if issued, or by admittance via the Department of Police and Public Safety or Residence Life staff. Residence halls are secured 24 hours a day. All residence halls are closed during holidays and vacations.

During low occupancy periods, such as the summer terms, students remaining on campus are moved into one concentrated area of the residence life complex to enhance security effectiveness. Access to on-campus housing by University employees is on an "as needed" basis and incorporates strict key control procedures during hours of restricted access. All repair and maintenance personnel wear distinctive uniforms or wear a VSU photo ID to allow for easy identification.

**Residence Hall Staff**

- *Each Residence Hall is staffed with an Educator and/or a Graduate Assistant.*
- *In addition to the staff, there is a student Resident Assistant (RA) assigned to each floor.*
- *Residence Hall staff is responsible for administering and enforcing University policies and regulations, while acting as a listener, mediator, and resource person.*
- *Each resident is encouraged to get to know the staff and Resident Assistants.*

At the beginning of each semester, floor meetings are held with the residents to discuss safety issues. The Residence Hall Handbook is given to each resident along with the police department conducting safety and educational sessions. A Resident Educator, Assistant, Graduate Assistant or Night Manager is on duty each evening in the office at the main entrance of each hall from 8 p.m. to 12 midnight Sunday through Thursday and from 8 p.m. to 2 a.m. the following morning Friday and Saturday.

This individual has immediate access to VSU POLICE by way of telephone, if necessary. Following this desk assignment detail, the person on duty remains on call, with the office phone transferred to his or her room. A committee of representatives from Residence Life, Facilities Management, Locksmith’s shop and Public Safety conducts inspections surveying the security integrity of University housing periodically.

In addition, a committee of students meet monthly to discuss security concerns and to provide feedback to the Residence Life staff. Repairs are made promptly, locks are quickly
replaced when keys are lost or stolen, and reports of potential safety hazards, such as broken windows, receive immediate response.

**Crime Statistics**

The Virginia State University Department of Police and Public Safety crime statistics include offenses that were reported to VSU POLICE, law enforcement agencies and other officials of Virginia State University who have significant responsibilities for students and campus activities (known as Campus Security Authorities). All criminal incidents are categorized in accordance with the Federal Bureau of Investigation (FBI) Uniform Crime Reporting/Incident Based Reporting System (UCR/NIBRS) as guidelines and in accordance with the provisions of the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*.

**Gathering Crime Statistics**

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: the Department of Police and Public Safety (VSU POLICE), the Chesterfield County Police Department (CCPD), and non-police officials (as defined below). For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities (as defined by federal law) and to all University Deans, Directors, and Department Heads.

Statistical information is requested and provided to VSU POLICE by the employees at the University Counseling Center and the Student Health Center, even though they are not required by law to provide statistics for the compliance document. Members of the Violence Prevention/Threat Assessment Team also provide statistics to VSU POLICE about cases they have dealt with where the victim chose not to report the incident to the police.

All statistics are gathered, compiled and reported to the University community via this report, entitled “Annual Security and Fire Safety Report,” which is published by VSU POLICE. VSU POLICE submits the annual crime statistics published in this brochure to the Department of
Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

VSU POLICE sends an e-mail to every enrolled student and current employee on an annual basis. The e-mail includes a brief summary of the contents of this report. The e-mail also includes the address for the VSU POLICE website where the report can be found on-line (http://www.vsu.edu/police/annual-security-report.php) and a physical copy may be obtained by making a request to the VSU Police Records Office (804-524-5599).

Definition of Categories

**Murder and Non-negligent Manslaughter** – The willful (non-negligent) killing of one human being by another.

**Negligent Manslaughter** – The killing of another person through gross negligence.

**Sexual Assault (Sex Offenses)** - Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- **Rape** – The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. The offense includes the rape of both males and females.

- **Fondling** – The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

- **Incest** – Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

- **Statutory Rape** – Non-forcible sexual intercourse with a person who is under the statutory age of consent.

**Title IX and Violence Against Women**

On March 7, 2013, President Obama signed a bill that reauthorized the Violence Against Women Act (VAWA). Strengthening Clery as part of the Campus Sexual Violence Elimination Act, or Campus SaVE Act (SaVE) VAWA addendum, the bill included amendments that afforded additional rights to victims of sexual assault, domestic
violence, dating violence, and stalking on university/college campuses. As it pertains to the Clery Act, Sex Offenses (Forcible and Non-Forcible) have been reauthorized as a Sexual Assault category.

- **Consent**- requires words or actions indicating a freely given agreement to have sexual intercourse or engage in other sexual activities. The lack of verbal or physical resistance does not by itself constitute consent.

- **Sexual Assault**- an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- **Rape** - is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

- **Fondling** - is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

- **Incest**- is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

- **Statutory Rape** - is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

- **Domestic Violence** - A felony or misdemeanor crime of violence committed by: (a) a current or former spouse or intimate partner of the reporting party; (b) a person with whom the reporting party shares a child in common; (c) a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (d) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of a violence occurred or (e) by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

- **Dating Violence**- Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.(1) The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.(2) For the purposes of this definition-(a) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse or, (b) Dating violence does not include acts covered under the definition of domestic violence. And section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.
- **Stalking** - (1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (a) fear for the person’s safety or the safety of others; or (b) suffer substantial emotional distress. (2) For the purposes of this definition—(a) **Course of conduct**—means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property or, (b) **Substantial emotional distress**—means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling or,(c) **Reasonable persons**—means a reasonable person under similar circumstances and with similar identities to the victim.1

- **Aggravated Assault** – An unlawful attack by one person upon another wherein the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

- **Simple Assault** – unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

- **Robbery** – The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm.

- **Burglary/Breaking and Entering** – The unlawful entry into a building or other structure with the intent to commit a felony or a theft.

- **Larceny/Theft Offenses** – The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another person.

- **Motor vehicle Theft** – The theft of a motor vehicle.

- **Destruction/Damage/Vandalism of Property** – willfully or maliciously destroys, damages, defaces, or otherwise injures real or personal property without the consent of the owner or the person having custody or control of it.
• **Intimidation** – to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

• **Liquor Law Violations** - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages.

• **Weapons Law Violations** – The violation of laws or ordinances prohibiting the manufacture, sale purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

• **Drug Abuse Violations** - are defined as the violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

**Geographical Categories**

*Crime Statistics must be reported by location:*

• **On-campus** - owned, contiguous, educational or student use In Dormitories or other student residences within the “on-campus” area

• **Non-campus** - buildings or property; fraternity/sorority houses, non-continuous owned and student used

• **Public property**- streets, sidewalks, lots adjacent to “campus”

*On-Campus*

• Any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of or in manner related to, the institution’s educational purposes, including residence halls.
Any building or property within the same reasonably contiguous geographic area of the institution that is owned by the university.

**Note:** Statistics for university housing facilities are recorded and included in both the all on-campus category and the on-campus residential only category.

**Student Residences Halls**
- A subset of "on-campus" crimes that were reported to have occurred in dormitories or other residential facilities for students, on campus.

**Non-Campus Buildings or Property**
- Any building or property owned or controlled by a student organization officially recognized by the institution.

- Any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support, of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

**Public Property**
- All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent or accessible from the campus.

**Specific Information about Classifying Crime Statistics**

The statistics in this brochure are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law (the *Clery Act*). The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications:

- Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.
The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic.

In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Law, and Illegal Weapons violations indicates the number of people referred to the Office of Student Judicial Affairs for disciplinary action for violations of those specific laws.

*Some of these incidents/arrests occurred on public property immediately adjacent to campus and may have been handled surrounding local police. Public Property crime statistics are also inclusive in the on-campus category. Statistics were requested from Petersburg Police, Colonial Heights Police, Chesterfield County Police, and Virginia State Police. Only the data available in a usable format for Clery reporting was included. There were no reported hate crimes for the years 2015, 2016 or 2017. There were no unfounded crimes for the years 2015, 2016 or 2017.*
Hate Crime

A hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, ethnicity/national origin, or gender identity.²

For Clery purposes, Virginia State University must report hate crimes which include any offense in the following two groups that is motivated by bias:

**Group A**

- Murder and Non-negligent Manslaughter
- Sexual Assault
- Robbery
- Aggravated assault
- Burglary
- Motor Vehicle Theft
- Arson

**Group B**

- Larceny-Theft
- Simple Assault
- Intimidation
- Destruction/Damage/Vandalism of Property

The offenses in Group A include all of the Clery Act offenses listed above (with the exception of Negligent Manslaughter and Weapons: Carrying, Possessing, Etc., Drug Abuse Violations, and Liquor Law Violations which cannot be classified as hate crimes). In addition to those offenses, the Group B offenses, i.e., Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property, are only included in the Clery statistics if they are hate crimes.
Crime Prevention

Through a cooperative effort between VSU POLICE, Residence Life, the campus Health Center, the sexual assault education coordinator, the counseling center, and the School of Health and Human Services, programs on personal safety and security, rape prevention and response, date rape, substance abuse, self-defense and resistance to burglary, larceny and vandalism are conducted regularly throughout the school year.

Each fall, the VSU POLICE Crime Prevention Coordinator and Safety Officer conduct a Residence Hall safety and security campaign, distributing safety literature to students and persuade all residents to attend hall meetings on personal safety. Resident Assistants in each hall are required to offer a number of programs throughout the year to students in their areas on various topics of personal safety. At least one lock check per semester is conducted late at night in each residence hall to ensure that dorm room doors are properly secured. Operation ID, a program that provides engraving and registration services for valuable personal property, is conducted once each semester in residence halls and is available on an ongoing basis through VSU POLICE.

In addition to programming throughout the year, the University annually sponsors Alcohol Awareness Week and Drug Awareness Week, two weeks devoted specifically to alcohol and substance abuse prevention. Through these comprehensive awareness programs, members of the University community learn more about the university’s efforts to enhance their safety and become aware of their own personal risk and that of others.

Crime Prevention Services/Education Programs

**Escort and Walking Service**

The VSU Department of Police and Public Safety operates a Walking Security Escort Program. The purpose of this program is to provide the user with a safe mode of transportation to various on campus locations. VSU Security Officers, as well as VSU Police Officers when available, will provide the escorts.

Students, employees and all members of the University community are encouraged to call the Security Escort Service, operated by VSU POLICE, whenever the need arises.

To use these services call (804) 524-5360, and have a valid VSU One card. The VSU One card must be presented upon receiving service. These services are provided seven (7) days a week form hours of 6:00p.m. To 2:00p.m. and are for campus use only.

**Suggestions for Crime Prevention When Walking:**
• Never walk alone or isolate yourself. Always walk with someone else or call for the Security Escort Service.
• Use well-lit, well-traveled routes; walk with confidence and be alert at all times.
• Always have your keys in hand before leaving your car or doorway
• Always lock your doors when alone and never prop exterior doors.
• Report all suspicious persons/incidents to the Police Department.
• If followed while walking, change directions and head toward an emergency call box or a well-lit and populated area.
• If followed while driving, drive to a public place, i.e., a hospital or a police station.
• If approached in a threatening manner, don't panic. Try to remain calm and think. DO NOT take foolish chances.

**Sending a TipSoft & Social Media**
TipSoft SMS is a Text-a-Tip application that allows tipsters to submit information anonymously to our participating law enforcement agencies, schools, universities and corporations. Many of these agencies are utilizing this application through their Crime Stoppers Program, which is an excellent deployment choice, although not required. This secure application allows the tipster and the investigator to have two-way dialog while keeping the tipster's identity completely anonymous. If you have information on a crime, you can submit your information online anonymously through the TipSoft website. Tips submitted through this website are encrypted, entirely confidential, and completely anonymous and are immediately and securely transferred directly to the law enforcement agencies which use our TipSoft - Tip Management application. You can also download and use the free mobile "TipSoft" app on your iPhone or Android phone. Just search for "TipSoft" or "TipSubmit" on the Apple App Store or Android Market. Detailed steps for sending a text tip, submitting a web tip and downloading the smartphone app can be found on the VSU website: [http://www.vsu.edu/police/send-a-tip.php](http://www.vsu.edu/police/send-a-tip.php)

**Operation Identification Program**
This program serves as a crime prevention effort aimed at theft of personal property. Equipment is provided, thru VSU POLICE, to mark personal property with some form of identification (i.e. name, driver’s license number or other identifiable marking). Such markings may deter possible theft and aide in police recovery efforts.

**Safe Exchange**
Safe Exchange is a new program that is offered by VSU POLICE. It provides for a safe place for you to sell/buy items purchased off internet sites. Buyers/Sellers can meet in the VSU Police Department lobby – monitored 24/7. If after hours, please utilize the door buzzer to let the Emergency Communications Department know that you are in the lobby making a transaction. Parking is available in front of the building with labeled signs.
Rape Aggression Defense (R.A.D)

VSU POLICE offers R.A.D. to our students and the VSU community. These offerings provide a truly holistic approach to self-defense education, supporting the necessity of continuous learning in order to provide realistic options for each population as they go through life. Each of these programs include educational components comprised of lecture, discussion and physical resistive strategies, all of which are facilitated by certified R.A.D. Instructors supported by a network of dedicated professionals who honor one another's student through our unique Lifetime Return and Practice Policy.

Adopt-A-Cop

Each residence hall is assigned a police officer who assists Residence Life staff in conducting safety and security programs, seminars, classes and events for student residents.

Emergency Call Boxes

The Police Department monitors and responds to emergency call boxes located throughout the campus that are highly visible and white in color. In emergencies, any call box activates police response by one-button speed dial.

Zero Tolerance Program

The University supports zero tolerance of fighting, possession of drugs or alcohol, and weapons. University policy absolutely forbids the possession of alcohol, illegal drugs, firearms or weapons of any kind on campus or in the possession of students. Weapons are defined as firearms, crafted weapons, knives, box cutters, razors, zip guns, paint ball guns or any other item capable of producing a projectile or sustaining a wound or cut.

Emergency Alert System

The University has established an emergency communications system to alert the entire campus of any immediate safety threat, man-made or natural. Should a threat occur, an outdoor siren will sound and verbal information will be given via campus wide loud speakers, University e-mail, campus broadcast system and University text messages. Students are strongly encouraged to register to receive text messaging through the RAVE ALERT program.

The Individual's Responsibility

Although VSU works hard to ensure the safety of all individuals within its community, students and employees must take responsibility for their own personal safety and that of their personal belongings. Simple common sense precautions are the most effective means of maintaining personal security. For example, although the VSU campus is well lit and may appear safe, all members and
guests of the University community walking across campus or to/from parking lots at night, whether male or female, should utilize police escort services. Students living in residence halls should keep their room doors locked at all times and should never prop open external doors. A resident should escort all guests in the halls at all times. All valuable personal property should be engraved with the owner's vehicle operator's permit number, using equipment provided through Residence Life or VSU POLICE. Bicycles should be registered with VSU POLICE and secured with a good lock. Cars should be locked and parked in well-lit areas with all valuable items locked in the trunk. Students and employees should notify VSU POLICE or Residence Life staff of any individual present in a building or on campus who appears to have no legitimate business there or who arouses suspicion in any way.

**Criminal Activity Off-Campus**

When a VSU student is involved in an off-campus offense, VSU Police Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Local police routinely work and communicate with VSU Police Officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus. The university considers criminal activity by any VSU student as a very serious matter. If a VSU student is arrested off campus by another law enforcement agency, it is reported directly to VSU POLICE and that student will be subject to an on campus hearing that, depending on the crime could result in sanctions ranging from a written warning up to expulsion.

VSU does not have any officially recognized student organizations that have housing facilities "off-campus", i.e. non-campus facilities. However, many students live in the neighborhoods surrounding VSU. While local police have primary jurisdiction in all areas off campus, VSU Police Officers can and do respond to student-related incidents that occur in close proximity to campus. VSU officers have direct radio communications with the local police, fire department, and ambulance services to facilitate rapid response in any emergency.

**Notification of Missing Students**

It is the policy of the University that anyone receiving a missing student report should immediately bring it to the attention of the Department of Police and Public Safety (804) 524-5360, or, in the absence of an institutional police or campus security department, to the local law enforcement agency that has jurisdiction in the area. Chesterfield County Police Department (804) 748-1254. VSU POLICE will investigate any report of a missing person filed with the office by someone with credible knowledge of the student missing or otherwise not where he or she is expected.

Students living in on-campus housing have the option to register a confidential contact person, during registration, to be notified in case the student is determined to be missing. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may
have access to this information. If a student does not register a contact person, local law enforcement will be notified that the student is missing.

All possible efforts are made to locate the student to determine his or her state of health and well-being through the collaboration of VSU POLICE and the Office of Student Affairs. If the student is an on-campus resident and has been missing for 24 hours, VSU POLICE will secure authorization from Student Affairs officials to make a welfare entry into the student's room. If the person of concern is an off-campus student, the VSU POLICE will informally enlist the aid of the neighboring police agency that has jurisdiction. Concurrently, University officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student.

It will be established whether the student has been attending classes, labs, recitals, scheduled organizational meetings, academic meetings, or appearing for scheduled work shifts. If located, verification of the student's state of health and intention of returning to the campus is made. When appropriate, a referral will be made to the Office of Counseling and Student Development and/or the University Health Center.

Should VSU POLICE not be able to locate a person reported missing within 24 hours of being reported missing, persons designated by the student via registration information as emergency contacts will be notified.

If a missing student is not located within 24 hours of receiving the initial report, a designated contact person (if the student opted for one) will be notified in hopes they know of the missing student's whereabouts. If the student is an off-campus resident, appropriate family members or associates are encouraged to make an official missing person report to the law enforcement agency with jurisdiction. The VSU Department of Police and Public Safety will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law. If the student is an on-campus resident, VSU POLICE will open an official investigation and may retain status as the primary investigative unit.

Within 24 hours of receiving the initial report, all pertinent law enforcement agencies, be they neighboring municipal, county, or state, those located along suspected travel corridors, or place of original domicile, will be notified and requested to render assistance, through direct telephone contact or in person contact, Virginia Crime Information Network (VCIN) message, and/or radio transmission with a comprehensive BOL message based on the totality of up-to-date information. Upon closure of the investigation, all parties previously contacted will be advised of the status of the case.

For students under the age of 18 who are not emancipated, the University must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. This notification may be made earlier in situations in which the missing person is believed to be endangered. The University will notify local law enforcement within 24 hours of the determination that a student is missing, unless the local law enforcement was the entity that made the determination.

Emergencies Involving Students

For emergencies involving students, the campus police call on the Student Affairs staff to include the VSU Counseling Center, the Sexual Assault Education Coordinator and the local Victim/Witness Assistance Program where appropriate. The Victim/Witness Assistance Program, established through a cooperative effort between the Commonwealth’s Attorney’s Office, the campus police, Chesterfield County law enforcement agencies, state police, and the Chesterfield County Community Services Board, is designed to lessen the impact of criminal acts on the victims and witnesses of crimes and to ensure that such individuals receive fair treatment while participating in the criminal justice system. The campus police can arrange assistance through the victim/witness coordinator as well as information to assist in criminal justice procedures.

Americans with Disabilities Act (ADA)

It is the policy and practice of Virginia State University to comply with the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and state and local requirements regarding students with disabilities. Under these laws, no qualified individual with a disability shall be denied access to or participation in services or programs at Virginia State University.

Further information about campus safety can be obtained from the Chief of Police at (804) 524-5360 as well as the VSU POLICE website:

http://www.vsu.edu/police/

(1) From page 59063, Federal Register/Vol. 64, No. 210/Monday. November 1, 1999/ (Final) Rules and Regulations: "For example, a dean of students who oversees student housing, a student center, or student extra-curricular activities, has significant responsibility for student and campus activities. Similarly, a director of athletics, team coach, and faculty advisor to a student group also has significant responsibility for student and campus activities. A single teaching faculty member is unlikely to have significant responsibility for student and campus activity, except when serving as an advisor to a student group. A physician in a campus health center or a counselor in a counseling center whose only responsibility is to provide care to students is unlikely to have significant responsibility for
student and campus activities.” The Department of Police and Public Safety collects and compiles pertinent information to be disclosed to the public from on and off campus sources, those described above as well as law enforcement agencies with concurrent and neighboring jurisdiction for publishing on an annual basis. Virginia State University does not discriminate on the basis of race, color, national origin, religion, gender, age, veteran status, political affiliation, sexual orientation or disability (in compliance with the Americans With Disabilities Act) with respect to employment or admissions, or in connection with its programs or activities. Inquiries or requests for reasonable accommodations may be directed to the activity coordinator, the appropriate university office, or the:

**Zero Tolerance for Violence and Threats**

The University prohibits all threats and acts of violence on its campus and other property and in connection with its programs and activities. This Zero Tolerance extends to sexual assault, domestic violence, dating violence, and stalking by any student, staff member, faculty member, or other person. VSU encourages all members of the university community to report any such conduct, and will investigate and address complaints in a prompt, fair and impartial manner.

**Violence** - is the use of physical force with intent, effect, or reasonable likelihood of causing pain, harm, injury or damage to any person or property. The term “violence” includes, without limitation, “domestic” “violence”, “dating violence” and “sexual assault”.

**Threats** - are words or actions intended, causing, or reasonably likely to cause pain, harm, injury or damage to any person or property. The term “Threats” includes, without limitation, “stalking”.

**Domestic Violence**
A felony or misdemeanor crime of violence committed by: (a) a current or former spouse or intimate partner of the reporting party; (b) a person with whom the reporting party shares a child in common; (c) a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (d) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of a violence occurred or (e) by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
**Dating Violence**
Virginia State University is committed to providing on-campus security, education, training, and victim services to combat violence against all persons. “Dating violence” is defined as violence committed by a person “who is or has been in a social relationship of a romantic or intimate nature with the victim;” and “where the existence of such a relationship shall be determined based on a consideration of... the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship” 20 U.S.C. 1152(f) (1).

**Stalking** - (1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to- (a) fear for the person's safety or the safety of others; or (b) Suffer substantial emotional distress.(2) For the purposes of this definition—(a) **Course of conduct**- means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property or, (b) **Substantial emotional distress**- means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling or,(c) **Reasonable persons**- means a reasonable person under similar circumstances and with similar identities to the victim.³

**Sexual Assault**- an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent.

**Date Rape Drugs** - Date rape drugs can be placed in any drink, not just alcohol. Effects may range from a feeling of well-being and short-term memory loss to an apparent aphrodisiac and intoxication effect. Serious adverse effects can occur such as seizures, insomnia, anxiety, nausea, dizziness, hallucinations, coma, and even death. Common side effects of these drugs include a drunken appearance, drowsiness, light-headedness, staggering, confusion, muscle relaxation and amnesia that last up to 24 hours.

If one suspects they or someone they know has been drugged and/or assaulted, they should first, go to a safe place and call the university police (or local police if off campus), go to the University Health Center or the local hospital’s emergency room for immediate treatment of any injuries, plus urine, blood, pregnancy, sexually transmitted disease (STD) testing, and call the University Office of Substance Abuse and Sexual Assault Prevention.

**Reporting Violence and Threats**
To report a crime or an emergency on the Virginia State University campus, call VSU POLICE at extension x-5411 or, from outside the University phone system, (804) 524-5411. A crime may also be reported by using the Emergency Call Boxes located near residence halls, parking lots or other campus buildings. To report a non-emergency, security or public safety-related matter, call VSU POLICE at extension x-5360 or, from outside the University phone system, (804) 524-5360. For any crimes, non-emergency or public safety-related matters committed off-campus, please contact the appropriate local law enforcement agency.

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your calls. In response to a call, dispatchers will take the required action, by either dispatching an officer to the caller’s location or asking the caller to report to VSU POLICE to file an incident report.

Voluntary Confidentiality Reporting

In cases involving allegations of sexual assault, domestic violence, dating violence and/or stalking, Complaints may request that their names be kept confidential during an initial consultation or the university’s investigation. The Title IX Coordinator will decide whether to accommodate such request, but will inform the complainant that doing so will not be possible, if, in the judgment of the Title IX Coordinator, and under the particular circumstance involved, it would prevent the university from providing a safe and nondiscriminatory environment for the complainant and other members of the community. If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Chief or designee of VSU POLICE can file a report on the details of the incident without revealing your identity.

The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the university can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with the regards to a particular location, method, or assailant; and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Title IX Reporting

Individuals may also considering reporting a sexual violence incident to the VSU’s Title IX Coordinator, who can provide assistance in addressing the incident through consultation, administration review, and/or formal hearing. To file a report or to make a complaint with a VSU Title IX Coordinator, The University's Student Counseling Services building is located at 1 Hayden drive, Petersburg VA. 4th floor, room 401. The Virginia State University’s Sexual Harassment and Sexual Assault Poly and Procedures can be located at www.vsu.edu.

Response to Sexual Violence

The FBI's National Incident-Based Reporting System (NIBRS) edition of the UCR defines a sex offence as any sexual act directed against another person, forcible and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent.

All forms of sexual violence are violations of VSU’s Code of Student Conduct. The VSU Department Of Police and Public Safety treats victims of assault with respect and dignity. If a sexual assault or rape should occur on campus, staff on the scene, including VSU POLICE, will offer the victim a wide variety
of services. VSU POLICE employs a Coordinator of Victim’s Services and Educational initiatives who is available to answer questions and assist victims in identifying and obtaining the necessary resources.

VSU also has a Sexual Assault Response Team (SART) that has trained members who are on call and available to assist a victim of a sexual assault 24 hours a day. University personnel will assist the victim in notifying appropriate law enforcement authorities, if the victim requests the assistance of these personnel. If you or someone you know has been victimized on campus, you are strongly encouraged to report the incident to VSU POLICE. Filing a report does not commit you to pursue an investigation or prosecution and VSU POLICE will respect your decision.

**If a sexual offense should occur, the victim should take the following actions:**

- Call the campus police if the incident occurred on campus by dialing (804) 524-5411. The police will then contact the on-call counselor from the University Counseling Center. If a student requests assistance, University personnel will assist the student in notifying these authorities. Call the local police if it occurred off campus by dialing 911.

- Go to the hospital emergency room to receive prompt medical attention. If requested, the police will transport you.

- Do not shower, bathe, douche or straighten up the area of assault.

- Do not urinate, if possible.

- Do not eat, drink liquids, smoke or brush teeth if oral contact took place.

- Keep the clothes worn during the offense. If clothes are changed, place clothes in a paper bag (evidence deteriorates in plastic).

- Do not destroy the physical evidence that may be found near the crime. If the crime occurred in the victim’s home, the victim should not clean or straighten until the police have had an opportunity to collect evidence.

- Write down all details remembered as soon as possible.

- Contact a friend or family member. Tell someone all details remembered about the assault and ask them to call one of the numbers listed below. You do not have to go alone.

**Available Services, Support, and Assistance**

Once an incident is reported to the University Counseling Center, a professional staff member will be assigned to work with the victim in deciding whether to pursue legal action in connecting with local programs and agencies, such as The James House, the Victim/Witness Assistance Program and local
law enforcement. The treating professional will also assist the victim in making any necessary changes in academic program or living situation after an alleged sex offense. These changes are readily available.

The Office of Substance Abuse and Sexual Assault Prevention, (804) 524-5939, was established to serve Virginia State University students by Virginia State University students, thus creating an environment that offers compassion and support for sexual assault survivors. A free and confidential support system is offered for victims. Prevention and education are primary focuses of the Office of Substance. Sexual Assault Outreach Center (804) 458-2704 (office) - (804) 458-2840 (hotline).

SANE, is a program set up specifically to gather forensic evidence from victims of sexual assault. SANE nurses are on call for duties to be performed at both the St. Mary’s Hospital and VCU Medical Center. As a routine, police investigators suggest that victims receive an exam by a SANE nurse if they are interested in pressing charges, though SANE exams are administered to walk-in victims. If a SANE nurse is unavailable, a qualified Emergency Room physician will administer the recovery of forensic evidence utilizing the PERK kit. The Mt. Mary’s Hospital is located at 5801 Bremo Road in Richmond and the VCU Medical Center is located at 1250 E. Marshall Street in Richmond.

SANE nurses are trained in examination techniques, forensic practice, how to collaborate with law enforcement officers, and how to present evidence as an expert witness in the courtroom. The SANE exam is an evidentiary exam, not a diagnostic one. If the victim does not wish to support a police investigation or declines a forensic exam, she/he will be referred to the Emergency Room Physician. There is a SANE nurse available 24/7 and exams are done for both adult and pediatric victims.

For the exam, the SANE nurse obtains a brief medical history and may ask some details about the assault that will help him or her to know what areas of physical examination are most important for a thorough collection of forensic evidence. Blood, hair and specific body fluids will be collected and packaged in a manner prescribed by the Virginia State Crime Lab (located in the Roanoke region,
which is about two hours distant). Specimens are labeled in detail and then sealed in a box that is remitted to law enforcement, following the rules of chain-of-custody. The investigating agency is then responsible for carrying the sealed evidence to the crime lab.

At the completion of the exam, the victim is offered prophylaxis for sexually transmitted diseases (STD's) and pregnancy and is given follow-up instructions depending on any findings during the exam. Follow-up can be through a private physician, University Health Center, and/or the Public Health Department.

When the victim is a student from a local college/university, the SANE nurse will call a professional counselor from that school to let them know of the assault. The SANE nurses are bound by the limits of confidentiality, however, and may be able to only let the counselor know that an assault occurred on a student, but be unable to name that student if the victim wishes not to be named. The SANE nurses’ experience has been that students rarely decline their school’s counseling services.

**Crime Victim and Witness Rights**

As a victim or witness of a crime, individuals have certain rights under Virginia’s Crime Victim and Witness Rights Act. Virginia State University's Police are active participants in the Chesterfield county Victim/Witness Program, telephone number (804) 796-7087. There are specific steps one needs to take in order to receive these rights. The victim/witness program at the Commonwealth Attorney’s Office has been implemented for the benefits of victims and witnesses of crime. A victim is defined as a person who has suffered physical, psychological, or economic harm as a direct result of a crime.

**As a victim, one may be entitled to information about:**

- Financial Assistance and Social Services
- Address and telephone confidentiality
• Closed preliminary hearing or use of closed-circuit television, if one was the victim of a sexual offense
• Separate waiting area during court proceedings
• The right to remain in the courtroom during a criminal trial or proceeding

As a victim, one may also be entitled to assistance in:

• Obtaining protection from further harm or threats of harm
• Obtaining property obtained by law enforcement agencies
• Obtaining financial assistance from the Criminal Injuries Compensation Fund
• Intercession services with one’s employer and/or school
• Obtaining advanced notice of court proceedings
• Receive the services of an interpreter
• Preparing a victim impact statement prior to the defendant’s sentencing
• Seeking restitution for damages or loss

As a victim, one may also be entitled to notification of:

• Case status information
• Changes in court date
• Changes in the status of the defendant and release information

As the witness to a crime, one may be entitled to information about:

• Protection from harm or threats of harm
• Address and telephone number confidentiality
• A separate waiting area during court proceedings

As a witness, one may also be entitled to assistance with:

• Receiving intercession services with one’s employer or school
• Receiving the services of an interpreter

A crime victim or witness is subject to receiving a subpoena, which is a court document requiring them to be present in court at the time and place stated.

Steps one takes to receive confidentiality, notification, or release of information if one becomes a crime victim:
Confidentiality: To request confidentiality, the crime victim must file a Request for Confidentiality by Crime Victim Form (DC-301) with the Magistrate, court, commonwealth’s attorney, or law enforcement agency in the locality where the crime occurred.

Court Dates: A crime victim must give the Commonwealth’s Attorney their current name, address, and phone number, in writing, if they wish to be notified in advance of the scheduled court dates in their case.

Information about release or status of defendant: The crime victim must give the sheriff, jail superintendent, or Department of Corrections their current name, address, telephone number and defendant name, in writing, if they wish to be notified about the changes in the status of the defendant or inmate.

Prevention and Awareness Tips

In addition to its ongoing efforts to eliminate, address and prevent rape, acquaintance rape and other forms of sexual violence on its campus and in connection with its programs and activities, the university will include in its students, staff and faculty orientation programs information on prevention and awareness relating to dating violence, domestic violence and stalking.

Programs will explain the university’s policy prohibiting these types of conduct, provide definitions of prohibited conduct and consent in reference to sexual activity, and offer information about safe and positive options for bystander’s intervention, risk reduction to recognize abusive behavior and avoid potential attacks, criminal reporting options and reporting to campus authorities, campus disciplinary action, and possible rights regarding orders of protection, no contact orders, restraining orders, or similar court orders.

The university will also conduct ongoing prevention and awareness campaigns for students, staff and faculty on issues related to domestic violence, dating violence and stalking. Prevention, intervention and education programs specifically addressing rape, acquaintance rape and other sexual offenses are regularly sponsored by a variety of organizations at VSU. The VSU Health Center, Sexual Assault Education Coordinator, and Counseling services conduct Programs on sexual assault that occur at least once each semester in all residence halls and the topic is addressed at freshman orientation. If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The VSU Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the VSU POLICE. Filing a police report with the police will not obligate the victim to prosecute.

Filing a police report will:
(a) Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;

(b) Provide the opportunity for collection of evidence helpful in prosecution, which might not be obtained later (ideally, a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);

(c) Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

**Title IX Reporting**

As previously noted, individuals may also considering reporting a sexual violence incident to the VSU’s Title IX Coordinator, who can provide assistance in addressing the incident through consultation, administration review, and/or formal hearing. To file a report or to make a complaint with a VSU Title IX Coordinator, The University’s Student Counseling Services building is located at 1 Hayden drive, Petersburg VA. 4th floor, room 401. The Virginia State University’s Sexual Harassment and Sexual Assault Policy and Procedures can be located at [www.vsu.edu](http://www.vsu.edu).

**Sexual Offenses/Judicial Procedures**

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Office of Judicial Affairs, or only the latter. A University representative from the Police Department and or the Counseling Center will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available to students existing on- and off-campus from the University through the Sexual Assault Prevention Program, Student Health Center, United Campus Ministries, the Employee Assistance Program, and the Counseling Center. Counseling and support services outside the University system can be obtained through The James House or Chesterfield Domestic and Sexual Violence Resource Center.

University judicial action, criminal prosecution and civil suits are all options available to victims of sexual assault. To begin university judicial action, the counselor, police or victim should contact the University judicial officer. During campus judicial proceedings, both the victim and the accused may be present and may have a counselor, attorney and/or adviser present to provide support and advice.

The Vice President for Student Affairs shall schedule special training for Hearing Officers once every year, covering the University’s policies governing sexual assault, and the special needs of the accuser and the accused in these cases.
Upon notification of an alleged violation, the accused shall not initiate any contact, directly or indirectly, with the accuser. Retaliation against the accuser or against any witness involved in the case by the accused or others acting on behalf of the accused shall be considered violation of the Code of Student Conduct.

University disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the VSU Student Handbook. The Handbook provides, in part, that the accused and the victim will each be allowed to choose one person who has had no formal legal training to accompany them throughout the hearing.

**Sexual Offenses/Disciplinary Proceeding**

*Both the accuser and the accused are entitled to the same opportunities to have other persons present during the campus disciplinary proceedings.*

VSU will, upon written request, disclose to both the alleged victim and perpetrator of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code) or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution. If the alleged victim is deceased because of such crime or offense, the next of kin of such victim shall be treated as the alleged victim.

A student found guilty of violating the University sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the University.

**Sex Offender Registry and Access to Related Information**

Incarceration may remove a sex offender from the streets, but it does nothing to prevent the offender from committing another crime when released.

The federal *Campus Sex Crimes Prevention Act* was enacted on October 28, 2000. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information concerning registered sex offenders may be obtained from the State. It also requires sex offenders to register in a State where the State, as required under law, must provide notice to each institution of higher education to which the person is employed, carries on a vocation, or is a student.

In the Commonwealth of Virginia, convicted sex offenders must register with the *Sex Offender and Crimes Against Minors Registry*. The Registry was established pursuant to § 19.2-390.1 of the Commonwealth's Crimes Code. Every person convicted on or after July 1, 1997, including juveniles tried and convicted in the circuit courts pursuant to § 16.1-269.1, whether sentenced as adults or
juveniles, of an offense for which registration is required shall be required as a part of the sentence imposed upon conviction to register and reregister with the Commonwealth’s Department of State Police as provided in this section.

In addition, all persons convicted of violations under the laws of the United States or any other state substantially similar to an offense for which registration is required shall provide to the local agency all necessary information for inclusion in the State Police Registry within ten days of establishing a residence within the Commonwealth. Any person required to register shall also be required to reregister within ten days following any change of residence, whether within or without the Commonwealth.

Nonresident offenders entering the Commonwealth for employment, to carry on a vocation, or as a student attending school who are required to register in their state of residence or who would be required to register under this section if a resident of the Commonwealth shall, within ten days of accepting employment or enrolling in school in the Commonwealth, be required to register and reregister pursuant to this section. For purposes of this section “student” means a person who is enrolled on a full-time or part-time basis, in any public or private educational institution, including any secondary school, trade or professional institution, or institution of higher education.

Information concerning offenders registered with the Sex Offender and Crimes Against Minors Registry may be disclosed to any person requesting information on a specific individual in accordance with the law. Information regarding a specific person requested pursuant to the law shall be disseminated upon receipt of an official request form, which may be submitted directly to the Commonwealth’s Department of State Police or to the State Police through a local law-enforcement agency. The Department of State Police shall make Registry information available, upon request, to criminal justice agencies including local law-enforcement agencies through the Virginia Criminal Information Network (VCIN). Registry information provided under this section shall be used for the purposes of the administration of criminal justice, for the screening of current or prospective employees or volunteers or otherwise for the protection of the public in general and children in particular. Use of the information for purposes not authorized by this section is prohibited and a willful violation of this section with the intent to harass or intimidate another shall be punished as a Class 1 misdemeanor.

The Commonwealth’s State Police maintains a system for making certain Registry information on violent sex offenders publicly available by means of the Internet. The information made available includes the offender’s name; all aliases which he has used or under which he may have been known; the date and locality of the conviction and a brief description of the offense; his date of birth, current address and photograph; and such other information as the State Police may from time to time determine is necessary to preserve public safety. The system is secure and is not capable of being altered except by or through the State Police. The system is updated each business day with newly received registrations and re-registrations.
Pertinent website addresses for securing related information are:

The VSU Office of Residence Life Housing contract provides for the cancellation of the housing contract of a sex offender, or any other convicted person, who is disruptive to the educational environment of the residence hall.

**Alcohol and Drug Policy/Substance Abuse Education**

VSU is committed to working against the illicit use of drugs and alcohol among students and employees. University police officers enforce all federal and state laws and University policies concerning the purchase, possession, consumption, sale and storage of alcoholic beverages and drugs, including the following:

- Virginia State University has a Zero Tolerance policy regarding the possession and/or use of alcoholic beverages on its campus and property.
- Alcoholic beverages may not be possessed, distributed or consumed at events on campus, except when specific written approval has been obtained for the event in advance. Sponsors are responsible for assuring that all persons in attendance at an event comply with state alcohol law and University alcohol policy.
- Any student who is found to have violated state alcohol law and university alcohol policy shall be subject to Immediate Suspension and/or arrest. In addition they will be required to leave the campus of Virginia State University pending a judicial board hearing.
- Alcoholic beverages may not be sold or furnished to any person, who at the time of sale or exchange, is visibly under the influence of alcohol.
- Falsely representing one's age for the purpose of purchasing or possessing alcohol is against state law.
- Law prohibits drunkenness and possession of open containers of alcohol in public areas.
- No student shall possess or distribute an illegal drug, as defined by Virginia's Drug Control Act. Such possession or distribution is prohibited in any building or on any property owned or operated by the University. Possession is defined to include any area or property for which the student is responsible.
• Any student who is found to possess or distribute an illegal drug shall be subject to Immediate Suspension and/or arrest. In addition they shall be required to leave the campus of Virginia State University pending a judicial board hearing.
• Impairment in the work place from the use of alcohol or other drugs (except the use of drugs for legitimate medical purposes) is prohibited
• The unlawful or unauthorized manufacture, distribution, dispensation, possession or use of alcohol and other drugs in the work place is prohibited.
• Any person (Student, Faculty, Staff, and Visitor) who is arrested and/or suspended while on the grounds of Virginia State University shall be prohibited from returning to campus without the expressed written permission of the VSU Chief of Police.

Convictions for violations of these laws could result in fines, loss of driver's license and imprisonment. University sanctions could include penalties ranging from fines to suspension from the University.

Many physical and psychological health risks are associated with the abuse of alcohol and other substances, including the following:

- Difficulty with attention and learning
- Physical and psychological dependence
- Damage to the brain, liver and heart
- Unwanted sexual activity
- Accidents due to impaired judgment and coordination

Staff members at the VSU Health Center and the VSU Counseling and Student Development Center can provide additional information about these concerns. Complete information on VSU’s Substance Abuse Policy can be found in the section on "University Policies."

The school counselors and Student Activities is available for students with gambling or other addictive or problematic habits to help these students assess their concerns, identify relevant goals and interventions, and to assist with finding appropriate treatment and/or support resources. Depending on the assessment of a licensed professional, interventions may include sending the student to a clinician with specialty in gambling addictions or to a twelve-step program. Peer mentoring is always available where and when appropriate.

An overview of National Collegiate Athletic Association (NCAA) rules applied and enforced by the Virginia State University Athletics Compliance Office are as follows: NCAA rules prohibit sports gambling of any kind. In addition to student-athletes, this rule applies to:

- Coaches
- Support Staff
- Equipment Managers
What does this mean? None of the aforementioned people may place any bet of any sort on ANY COLLEGE OR PROFESSIONAL SPORTING EVENT. They may not give information to anyone who does place bets on college or professional sports.

- No wagers on ANY professional or college sports event, even those that do not involve Virginia State University.
- No participation in any activity that involves predictions of athletics contests (radio, television, newspaper, etc.).
- No sports "pools", even those run by friends.
- No Internet gambling on sports events.
- No sports wagering using "800" numbers.
- No exchange of information about your team with ANYONE who gambles. This means no information about injuries, new plays, team morale, discipline problems or anything else.

The consequences for violation of these rules are that the Student-Athlete will be declared ineligible to compete in college sports. The VSU Student-Athletes are informed that if they place bets of any kind on any college or professional sport or if they give information to anyone who uses that information to make a bet, they are at risk of being:

- Removed from their team
- Expelled from college
- Turned down for future jobs
- Sent to jail

Furthermore, they are forewarned that sports wagering can destroy any future plans, dreams, or hopes for themselves. Strong words, but ones based on reality. For this reason, college athletes, college athletic administrators, college athletic staff members and conference staff officials may not gamble on college or professional sporting events. VSU, in conjunction with the Virginia Department of Human Resource Management, offers assistance for Drug and Alcohol problems experienced by employees. This assistance can be obtained through the Employee Assistance Program (EAP). All health plans offered to state employees and their dependents have employee assistance programs (EAPs). Included are up to four sessions at no charge for such services as mental health, alcohol or drug abuse assessment, child or elder care, grief counseling and legal or financial services. EAP counselors are available to assist employees with problems related to Drugs and Alcohol. When an intervention is needed due to an employee with a drug or alcohol problem, employers can refer employees to EAP or employees can go on their own. The policy and procedures are located on Human Resources’ webpage.

Alcohol and Drug/Substance Abuse Programs

The freshman “F.O.C.U.S”: First-year Options for College and University Students Education/Orientation Sessions

The process of integrating new students into college offers opportunities for enhancing students’ personal growth, learning, and transition to college. Presentations and discussions on transition issues can be particularly valuable for student learning and for promoting an enhanced student life environment. As students transition to college, the orientation period is useful in helping students achieve competence at performing developmental tasks and managing the daily demands of college life. It is also a time for students to understand other critical issues facing students and the consequences associated with high-risk behaviors such as substance abuse and sexual misconduct. The activities are varied in type and in presentation format because of the breadth of the issues to be addressed and the learning styles, attitudes, and experiences that students bring to the institution.

Alcohol Responsibility On-line Course

The on-line course is primarily designed for student alcohol policy violations. However, other students are eligible to take the course. The course, developed by the Bacchus and Gamma Peer Education Network, is delivered individually to students online in a computer lab, counseling center, or judicial office setting. The course has four main sections – each having its own set of objectives. The sections are:

1. The Health Aspects of Alcohol: Information, Attitudes and Misperceptions
2. Alcohol and High Risk Behavior: Lowering Your Risks
3. A Weekend Walk-Through: An Interactive Choices Program
4. Learning and Linking to Your Campus and Community Resources

Marijuana 101 On-line Course

The on-line course is primarily designed for student drug policy violations. However, other students are eligible to take the course. The course, developed by the 3rd Millennium Classrooms, is delivered individually to students online in a computer lab or counseling center. Students must complete three modules and obtain a passing score set by the University Administrator.

Brief Assessment, Screening and Intervention for College Students (B.A.S.I.C.S.)
A science based harm reduction approach and preventive intervention for college students 18-24. It is aimed at students who drink alcohol and have experienced or are at risk for alcohol related problems i.e. poor class attendance, missed assignments, sexual misconduct, and violence. BASICS is designed to:

- Reduce alcohol consumption and its adverse consequences
- Promote healthier choices among young adults
- Provide important information and coping skills for risk reduction

Screening, Assessment, Information and Referral
Students may be referred for treatment and counseling off campus based on the nature and the extent of the problem.

Firearms and Weapons Policies

VSU POLICE is committed to maintaining a safe and secure environment that supports the academic mission of the university. According to the VSU Firearms and Weapons Policy, members of the VSU community, including students, facility, staff, as well as visitors to VSU campus, are prohibited from possessing firearms, explosives, weapons, or any item that may be constructed such as, on the premises of the university or in any building under university control. This prohibition applies regardless of whether a federal or state license to possess the same has been issued to the possessor. There are some limited exceptions to this policy; for example certified and all licensed law enforcement personnel who are authorized to carry a firearm are permitted to do so while on VSU property.

Emergency Response and Evacuation Procedures

General information about the emergency response and evacuation procedures for VSU is posted throughout campus and are publicized as part of the institution's Clery Act compliance efforts, and is available on the VSU POLICE website (http://www.vsu.edu/police/). Detailed information about and updates to emergency response and evacuation procedures are found on the University's Emergency Operations Plan and the University and Departmental Contingency and Continuity Plans which are located at the DPPS headquarters building. University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The University conducts several emergency response exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems and the evacuation procedures on campus.

These tests are monitored and documented, and are designed to assess and evaluate the emergency plans and capabilities of the institution. VSU police officers and supervisors have received training in incident command and responding to critical incidents on campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually VSU
Police and the local Fire and Emergency Medical Services. They typically respond and work together to manage the incident. Depending on the nature of the incident, other departments and other local or federal agencies could also be involved in responding.

Notification to the VSU Community about an Immediate Threat

VSU POLICE receives information from various offices/departments on campus. If VSU POLICE confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the VSU community, VSU POLICE will collaborate with the Office of the President and the Office of Student Affairs to determine the content of the message and will use some or all of the systems described below to communicate the threat to the entire VSU community or to the appropriate segment, depending on if the threat is limited to a particular building or subdivision of the population.

VSU POLICE and the Office of Student Affairs will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to VSU POLICE, local police and/or the local Fire and Emergency Medical Services), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In the event of a serious incident that poses an immediate threat to members of the VSU community occurs, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the VSU campus.

These methods of communication include the Early Warning System (an outdoor siren will sound and verbal information will be given via campus-wide loud speakers) network emails and televisions, emergency text messages that can be sent to a phone or PDA (individuals can register for this service through the RAVE ALERT system at http://www.getrave.com/login/vsu). The content of the notification will be based on the nature of the emergency or threat. VSU POLICE and the Office of Student Affairs have created prescribed notifications, which can be modified, to ensure timely notification to the VSU community. The University will post updates during a critical incident on the VSU website.

All members of the VSU Community are notified on an annual basis that they are required to notify VSU POLICE of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. VSU POLICE has the responsibility of responding to, summoning the necessary resources, mitigating, investigating and documenting any situation that may cause a significant emergency or dangerous situation.

In addition, VSU POLICE has a responsibility to respond to such incidents, to determine if the situation does in fact pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation. VSU POLICE will rely on supporting agencies with disseminating emergency and evacuation procedures the larger community.

Evacuation Procedures
Announced and unannounced evacuation (fire) drills are coordinated by the VSU POLICE Safety Officer and the Office of Residence Life each semester for all residential facilities. With the guidance of the Safety Officer, various VSU Police Officers and University Building Managers coordinate evacuation drills for various campus buildings. Students and staff learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation.

They are not told in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both short-term and long-term building evacuations, DPPS, Residence Life staff and Building Managers on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in the case of a fire or other emergency. Evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components. Evacuation drills are monitored and documented by VSU POLICE and the Office of Residence Life to evaluate egress and behavioral patterns. Students receive information about evacuation and shelter-in-place procedures during their hall floor meetings and during other educational sessions that they participate in throughout the year.

**Fire Safety Report**

For the purposes of fire safety reporting, a fire is, “Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.”

The safety and well-being of our students is of utmost importance. The University insists that all students who live in the Residence Hall comply with all FIRE SAFETY RULES and REGULATIONS:

- Fire extinguishers, fire alarms, smoke detectors, and other fire prevention equipment are provided in each residential hall as a safeguard for students and their property. Tampering with fire safety equipment is prohibited and false fire alarms will result in disciplinary action.

- Overloaded electrical circuits are hazardous. The University does not permit the use of electrical appliances, other cooking devices, and sun and halogen lamps.
• No smoking is allowed in any state owned buildings; this includes all buildings on VSU campus.

• Under the direction of the Residence Hall Director, fire drills are scheduled.

• Residents will be given detailed instructions on regulations and procedures for fire drills in their living areas. Failure to respond to, or in any way inhibit, a fire drill will result in severe disciplinary action.

• All fire alarms are considered fire alerts; the building must be evacuated immediately. Participation in fire drills is mandatory.

Procedures for Student Housing Evacuation in the Case of a Fire

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the Department of Police and Public Safety. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, College policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member’s only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should he closing of doors or the activation of the alarm delay the exit from the building.

Fire Safety Education and Training Programs

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the college’s fire safety policies. Everyone is also provided with maps of each on-campus student housing facility that illustrate evacuation routes and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a “buddy” assigned to them. Fire safety education and training programs are taught by the university safety officer and local fire authorities, as well as Residence Life staff who are experienced in fire safety matters. If a fire occurs, students are instructed to leave hazardous areas per the evacuation routes and get to a predetermined location before calling 911 for help. They are to remain in that location so that the director of Student Housing or someone from the Student Housing office has documented that the student has left the building.
RAAs are instructed to pull the fire alarm as they are leaving the building if they can do so without risking their safety.

**Reporting Fires**

Per federal law, VSU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on-campus student housing. These are fires for which you are unsure whether DPPS may already be aware. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following: The Department of Police and Public Safety (804) 524-5360, Office of Residence Life (804) 524-5011

Callers should provide as much information as possible about the location, date, time and cause of the fire.

**Future Plans**

All future construction and renovation projects at Virginia State University will add fire sprinklers and fire alarm systems to meet Virginia statewide fire prevention code and uniformed statewide building code.

TO REPORT HATE CRIMES

We are also required to report statistics for bias-related (hate) crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations and/or weapons: possessing carrying, etc. (see definitions on the front page) and larceny-theft, destruction/damage/vandalism of property, intimidation, and simple assault (see definitions below).

Larceny: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A bias-related (hate) crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc... the assault is then also classified as a hate crime.

If a bias-related (hate) crime was reported to you, please fill out the top section of Page 1 and then complete the following information about the type of bias involved in the crime.
